For Parents/ Guardians

Kyushu Bunka Gakuen
Elementary Junior High School
School Principal Makoto Momotsu

New Coronavirus Infection Prevention Measures

As you have probably heard in the press, the prefecture has had an increase in confirmed coronavirus cases. We are doing our utmost to prevent the transmission of infectious diseases by providing appropriate ventilation, hand washing, gargling, and wearing masks. In school life, including moving to and from school, please wear a mask (you may also use cloth).

【Health Observation Form】

Please fill out a separate "Health Observation Form " to monitor the health condition of children / students.

【Health Observation Form- How to fill in】

1. Please check the child/student's temperature at home before going to school every morning.
2. If the child has any other symptoms that you have concerns about, please fill in and contact us. Health Observation forms will be distributed at the entrance ceremony and start-up ceremony.
3. Once arrived at school, students should submit the form to the class teacher and the teacher will confirm including health observation
4. Students with at temperature above 37.5, should be absent from school.

【School Life】

1. Ventilation

- ①The seats are spaced.
- ②The window is opened every recess.

2. Gargle

After the second period, students will gargle as appropriately, including after cleaning.

3. Masks

Please always wear a mask while at school and while moving to and from school.
(A cloth mask is fine.)

4. Lunch

- ①Elementary Grade 1 students... Dining Room
Elementary Grade 2... Multi-purpose room

Junior high school Grade 1 2... In homeroom classroom, instead of a group, and will eat facing forward.

②Wash your hands, disinfect your fingers, disinfect your desk, and prepare a meal.

5. School Bus

①Please wear a mask at all times while on the bus.

②The school bus will be disinfected after each route, and when parked at the school, the window will be opened and ventilated.

③The school bus is a small closed space, so it is best if you can pick up and drop off students whenever possible.

6. Health Condition

①If a student's body temperature is 37.5° or higher, be absent. (In this case, attendance is not allowed.) While at school, if a student's temperature reaches more than 37.5°C, we will take measures to separate him/her from others immediately and will make arrangements for them to leave school as soon as possible.

②If you have strong malaise or cold symptoms, it is recommended that you contact the hospital for a visit.

7. Staff

①Body temperature is inspected every morning, recorded in the "Health Observation Form" and a health check is performed. Like students, staff are not allowed to work if they have fever of 37.5°C or higher, strong malaise, or cold symptoms.

②School Staff wear masks.

※Please note that the situation may change in the future.
